DRAFT.docx

---

Hello all,

Here is updated language on Arnold Foundation draft Letter of Interest. Recall the limit is 3 single-spaced pages and this just hits that mark. *If you think anything needs to be added, please let us know what you think we can delete.*

Angie:

- Please let me know if you think I have gotten the summarized essence of the study design. Obviously, there isn't room to include all the details, but the summary indicates details to be provided with an actual proposal.
- I wouldn't mind somewhat more compelling language around the "we can't do RCT" portion as well, as I don't fully comprehend this issue. It can't be more than about a half line longer than what is already there.
- I need the number filled in on the value of your time apportioned to this work. Bill and I guesstimated at 10% of your overall PSI time. You can let us know if you think differently.
- Who should sign on behalf of PSI work? Bill is signing on behalf of MSCC. Do you think Bill, you, or Dr. Cox should sign off on the LOA for the PSI? I'll be drafting those letters next.

Everyone, please get back to us by tomorrow with any proposed changes so we can get this completed in time for submission early next week. Thank you!
